

TRITON

Upgrade your District.

Who is Triton?

Triton is the foremost communications and technology consulting firm focusing on public sector in the Texas region.

For over 15 years, Triton has served as consultant to a growing number of government municipalities and special purpose districts.

What kind of consulting?

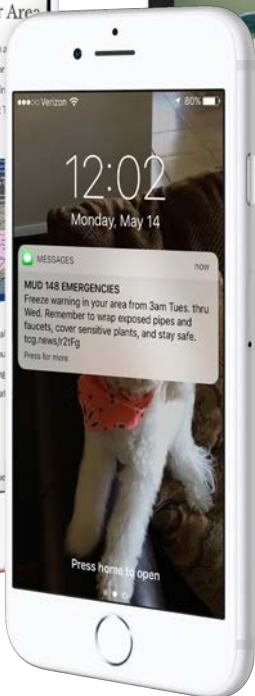

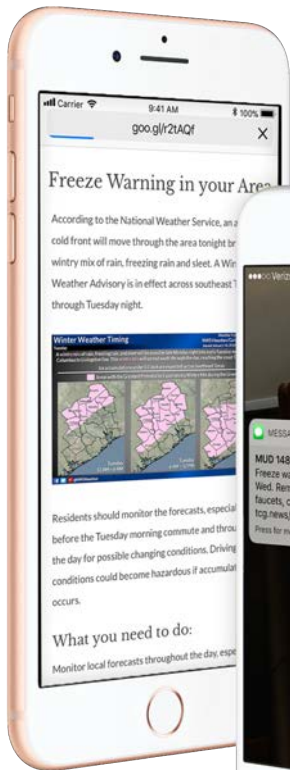

As the purposes of our client districts vary, so do the benefits provided by a communications consultant.

While provided services may range from technology implementation to public awareness pieces, each district's unique needs are identified and fulfilled.

What might this entail?

Leveraging our professional expertise and industry experience, we guide districts through adopting transparency practices and implementing technology, while mitigating any transitional hurdles.

Trash Service Change Effective May 1st, 2018

Posted: 11 days ago

Starting May 1st, Texas Pride Disposal will assume trash collection duties in addition to the recycling services they already provide, replacing Waste Management as trash collector.
